Why would you like to audition for the intensive program?

Expectations of the Intensive Program:

All dancers must be 7 years of age as of January 2017 in order to audition for the Intensive Program. The intensive program is an elite program dedicated to students who are quick learners, have talent for dance, and are able to keep up with a certain standard. It is not mandatory that a student be placed with their age group as a child will be placed on his/her ability so they excel at their own level. If you are accepted into the Intensive program, you will be placed into **at least 2 ballet classes, 1 jazz class, and 1 modern class per week**. Intensive students already in the program must re-audition each season. Students must not take for granted that they will continue in the program from year to year. They must continue to work hard and be able to cope with the intense training. Intensive students are obligated to take a ballet exam each year in order to have a goal to work toward. Students in the program may audition for the Company, Competitive Team and the Enhanced Program.

I understand the expectations of the Intensive program and would like my child to audition.
