BALLET - Creative Movement 1: Intro

Ages 2.5 - 3.5 years

Also involving singing along with movement, as well as using creative imagery, children's nursery rhymes, and stories to encourage the use of imagination and expression through dance and music. An introduction to Mooredale's after school ballet program. (accompanied by piano)

BALLET - Creative Movement 2, RAD Pre-Primary

Ages 3.5 - 6 years

Interplay School of Dance has a simple philosophy for teaching young children: Let each child find a way to enjoy movement. Through structured and free movement our teachers guide the students, allowing each to discover his or her body's capabilities and potential. By stimulating mental and physical creativity (musically, spatially and rhythmically) children discover the magical world of dance, how their bodies react to the music and how much fun they can have trying to master it.

JAZZ and CONTEMPORARY DANCE

Ages 5 - 9 years

Jazz dance is a smooth, modern Broadway style of dance where students learn moves that coincide with the current pop music. Modern dance has developed through an intimate understanding of the body as an expressive instrument moving in space. Modern is characterized by the use of the floor, working with gravity, and contemporary movement. Dancing in bare feet is important to retain the sense of contact and 'groundness'. The program is 31 classes in length and takes place in the Studio, Coach House.

Jazz/Contemporary	7 - 9 years	5:30 - 6:30 pm

HIP HOP DANCE

Hip Hop classes incorporate the latest 'street style' dance forms. This is the high energy, upbeat style of dance seen in many music videos (like Justin Timberlake and Outkast). It is highly recommended that students also enroll in jazz or ballet. The program is 35 classes in length and takes place in the Studio, Coach House.
