

Interplay Summer Camp - IN- STUDIO SAFETY PROTOCOL

At Interplay, we are doing everything possible to make sure our students stay safe and well while doing what they love, 'DANCE'. We have missed you so much and hope that now that we are in stage 3, everyone will have more confidence that we as a school are taking all precautions to keep our students feeling comfortable in the new norm.

Please see below for all details that are currently taking place at the studio.

SOCIAL DISTANCING PROTOCOL:

ARRIVING TO THE SCHOOL

All students need to wear a mask in and out of the building and studio space at all times.

When arriving to the 5th floor, there will be a hand sanitizer dispenser next to elevator. Please sanitize hands before continuing down hallway. A reminder that you need to rub hands until hands are completely dry.

Please follow orange cones down the hallway until you reach one without anyone in line. These cones are placed 2 metres apart.

Wait for the teacher to come to the hallway and instruct you of your placement in the studio. All studios have dance boxes in the room with 2 metres in between each dance box.

Try not to touch any door knobs, walls, doors etc. There are no seats in the studio. Try not to lean against walls or sit on floor anywhere in the building.

Students are to enter one by one once teacher instructs you of your number. Go directly down pathway to your box. Try not to walk on interior of a box. You will see a small box connected to your dance box. Put your bag, bottle, props in your small connecting box.
